PASSION. INNOVATION. EXCELLENCE.

CF Products

TRAXX CLEAN, PROTECT & SHIELD

A total package of products to Clean, Protect and Shield your construction equipment, tools and vehicles.

Keep your new equipment and job site looking like new or refurbish your older machinery to new, and keep it that way.

CF products are environmentally friendly and fully biodegradable.

CFShield[×]

release agent

This is a highly effective, easy to use product which is non-flammable, biodegradable, non-staining to concrete, and prevents slurry adhering to porous surfaces. It promotes clean and easy formwork removal, as well as longer form life. It does not contain petroleum or diesel fuel oil and is pleasant to use and handle.

Spray on to almost any surface before generation of slurry or grime from concrete sawing, drilling or general building activities, for instant removal after job completion.

CFProtect[×]

corrosion protection

This is a highly effective, easy to use product which is a non-toxic, biodegradable protective coating. It lubricates, is pleasant to use and handle, contains no hydrocarbons and will keep your tools looking like new.

CFCitro[×]

all purpose cleaner/degreaser

This is a highly effective, nonflammable biobased product that is specifically formulated to provide an environmentally safe alternative for the removal of:

- Grease
- Oil
- Asphalt
- Tar
- Adhesive Residues
- Tree Sap
- Wax
- Permanent Marker
- Sticky Tape
- Grime

CFBiowash[×]

concentrated penetrating detergent

A specially formulated, penetrating detergent. For cleaning trucks, buses, cars, motorcycles or construction equipment. Dirt, oil and fuel stains are quickly removed from washable surfaces. Safe to use on paint, rubber, aluminium, chrome, vinyl, steel and concrete. Environmentally friendly and ultimately biodegradable.

CFClean[×]

industrial equipment cleaner

This is a highly effective, easy to use product which is hydrochloric acid free with a built-in corrosion inhibitor, and is safe to use on most surfaces.

For the removal of built up cement slurry and grime, stains and rust spots from a broad range of construction equipment.

CFX[×]

concrete remover

This rapid acting easy to use product removes very heavy, difficult to remove concrete and cement build up and stains from a broad range of concrete placement equipment. It contains a built-in corrosive inhibitor.
