Traxx CF Biowash - Effective Feb 2019.1

4. FIRST AID MEASURES

Skin Contact: non-hazardous

Eye Contact: Irrigate with water for at least 15 minutes holding the eyelids open.

Inhalation: Remove affected person to fresh air.

Swallowed: Do NOT induce vomiting. Give a glass of water to be taken slowly.

First aid facilities: Provide an eyewash station in the workplace and normal washroom facilities

5. FIRE-FIGHTING MEASURES

Product not combustible.

Extinguishing Media: Foam, dry chemical or fine water spray, do not use a water jet from a fire hose.

Specific Hazards: None known. No known hazardous combustion products.

Unusual fire and explosion hazards: None known

6. ACCIDENTAL RELEASE MEASURES

Spilled material will make surfaces slippery.

For small spillages mop up with plenty of water and run to waste diluting greatly with running water.

Large spillages should be contained using sand or earth, and both liquids and solids then transferred to salvage containers and disposed of properly.

9. PHYSICAL AND CHEMICAL PROPERTIES

State/Color/Odor: green thick liquid with pleasant fragrance

pH: 6 - 8

Melting point: approx 0 °C

Boiling Point: 100 °C

Specific Gravity: 1.0

Flash Point: >61 °C

Solubility in water: miscible with water in all proportions.

Flammability: not flammable

10. STABILITY AND REACTIVITY

Chemical Stability: not available.

Materials to Avoid: not available

Incompatible Materials: strong oxidizing agents

Conditions to Avoid: not available

Hazardous Decomposition Products: carbon monoxide

Hazardous polymerization: will not occur

Hazardous reactions: none known

11. TOXOLOGICAL INFORMATION

Acute Toxicity:

Inhalation: An unlikely route owing to the non-volatile nature of the product. Low hazard

Ingestion: May cause discomfort

Skin: Repeated or prolonged contact may cause dryness and irritation to the skin.

Eye: The material should not be allowed to contact the eyes. Low irritant

Chronic Toxicity: Chronic effects are not expected with this product
